The Clothing War.

EDITOR GAZETTE: In the *Journal* of October 2d, I find an announcement signed L. Abraham, of the White House. This announcement sets forth that other dealers in clothing keep "humbug shops" and offer "unusable goods" to the public. He also believes that these humbug dealers "lie to deceive the public." I represent, for my part, of the humbuggery. Mr. Editor, I represent that when I offer "unusable goods" I always suffer for it, and not Mr. Abraham. The people have worn my goods long enough to know better than Mr. Abraham whether they come from a "humbug shop" or not. During my many years residence and business in Reno, I have made my own reputation and it is safe from the interested charges brought by this newcomer at the White House.

Now, unless I keep a humbug shop or not, I shall continue to sell the best goods in market and at the lowest rates. I shall sell men and boys clothing cheaper than "Whitby" can buy them. I shall keep more goods, and a greater stock always on hand. And all of these assertions, so far from being "lies to deceive the public" can be proven by my patrons during fair week as they have been proven any time during the past ten years.

Don't Forget It.

If you are troubled with nervousness, are disheartened, tired of life, fear death or feel out of sorts, as the saying is, you may safely conclude that you have the Dyspepsia or Liver Complaint. The liver is very apt to become torpid at this season of the year, as poisons arising from marshes, stagnant water are numerous, and are, through inhalation, taken into the blood. Unless the liver is strong and active, and furnishes a supply of fresh and pure blood to drive out the impurities, the above mentioned symptoms surely follow, and if not healed, can in most cases become chronic. The Liver, like the Heart, Flower proves itself the great liver panacea. Its action on the liver is different from any medicine ever compounded. Its cures are truly wonderful. Try it. THE BULLION TAX COMPROMISE.

The readers of the GAZETTE should read the report, to be found in our local columns to-day, of Mr. Boardman's speech at Haffaker's last night. It gives the condensed history of the passage of the bullion-tax compromise bill, showing that the representatives of the Democracy were mainly responsible for the passage of the measure. It will be seen also that Governor Bradley, so far from lending his aid to the opponents of the bill, helped those who were striving to carry it through. One who stood so firmly in defense of the right and who had such opportunities to see the inside maneuvers of the rascally Cassidy and his confederates, as Senator Boardman, may speak as one having authority. It is a very pretty scrap of history as it stands. It is something that every Democrat should read and keep in his mind when the orators of his party are assuring them that the compromise was a Republican measure.

EDITORIAL NOTES.

We were rather inclined to think that the GAZETTE reporter, who reported Mr. Blennerhassett's speech at the Opera House on Tuesday evening last, exaggerated the sayings of that sufficiently fiery gentleman. To-day we have received a double headed address to the people, issued by Blenny, in his capacity of end man to the Democratic State Central Combination, which far outdoes anything attributed to him by the reporter. Mr. Daggett is impeached for these among other reasons:

"In the name of the poor man, whom he would crush, we impeach him; in the name of the mothers, wives and daughters whom he would starve, we impeach him; in the name of civilized humanity, which he would blot from existence to favor the heathen Chinese, we impeach him; in the name of the little ones crying to Heaven for bread, we impeach him. We impeach him because he is the pliant tool of monopolies. We impeach him for having always advocated the cause of the capitalist as against the poor man, and we solemnly ask the grand inquest of the people which will sit on the 5th day of November, to give a just, fair and impartial verdict and repudiate the tyrant of the poor."

Blennerhassett is an idiot.

The horrid intelligence is flashed from Salt Lake that a Mormon has taken three wives all at once, for a starter. What makes this outrage peculiarly hard to bear is the fact that the lucky Mormon is an Englishman, and not only an Englishman but an unnaturalized Englishman at that. A shriek of indignation will now go up over the land from every journal in it. But if the woman, whose holy instincts and divine intuition are probably up to the standard, don't object, we can't see what particular cause of complaint newspaper men have. The unnaturalized Englishman couldn't have led his fair blushing and sweetly trembling brides to the altar if they hadn't been willing.

The official estimates required for the postal service for the next fiscal year aggregate \$36,551,900. It is now estimated that the total postal revenue will fall short of supplying this sum by \$5,907,876. The amount appropriated for the current fiscal year is \$33,556,378, of which \$4,222,274 comes from the general treasury. It is estimated, therefore, that \$1,635,031 more than this year's appropriation from the treasury will be required for the next fiscal year.

The Austin Reveille failed to come to time this morning, and the editorial heart has been oppressed with a feeling of gomeness — a sort of aching sense of neglect, for it is the first day for weeks that the GAZETTE pilot hasn't seen himself daily called bad names and lots of 'em. Rubbing his spider shanks and his bean-pole of a body and allaying the irritation of the pimpled brow, don't seem to make him feel like himself, somehow.

It is a well-known fact that when a man takes to lying about another, his hate grows with every lie he tells. It is fortunate that the campaign will be over in a few days more, or most of the Democratic orators who have mentioned Mr. Daggett in their speeches would be inclined to hunt him up and drive a knife into him.

The unnaturalized patriot who runs the Carson Tribune takes, for an alien,

an unaccountable warm interest in the political affairs of this state. America owes a good deal to England, but her last best gift was Verbum, who so disinterestedly stirs himself to tell us benighted Yankees what we ought to do.

[The GAZETTE points with pride to fact that its columns have never been sullied by an orange peel or stove-pipe joke. Neither has the fire-fight ever been admitted to its space.] The bawdy journalist who may be tempted to reply that the paper is too good to live is sternly referred to its advertising columns, which as a medium for the business to reach the people may be said to—but our meaning is to be had at the usual advertising rates.

The hoodlums of San Francisco are an enterprising lot. They tried to murder two policeman night before last and wounded one of them. They also took a flying shot at a peaceable citizen who was out later than they thought was right. Policemen and belated citizens should keep out of the way of hoodlums. A few Von Schmidt could, however, be distributed to advantage over San Francisco.

Evangelist Moody is settled in his winter quarters at Baltimore. Ah, how many poor, unconverted sinners see no prospect of winter quarters wherewith to buy the needful hot whiskies?

Why is J. P. Jones not on the stump working for the Republican party? He is needed and should be doing something for the party that will send him back to the senate.

The Enterprise within the past few days has been hitting some giant blows, being full of well-written political leaders bristling with facts which can't be answered.

A Family Murdered.

VINCENNES, Ind., Oct. 24.—John D. Vacelets, his wife and two sons, were murdered last night about two miles south of this city. Pierre Prevost, who lived there as a farm hand, gave the alarm to the nearest neighbor, about half a mile away, at 4 o'clock this morning, having come to them in his night clothes, and saying, in broken English, "They had a hell of a time over at Vacelet's." On going to the house, the neighbors found the two sons, aged 14 and 16, in bed, the father lying in the doorway of an adjoining room, and in the next room, the mother, in her bed, all dead, and cold. The deed had evidently been done with an ax, the heads and throats of the victims being gashed and cut by such a weapon. Two or three bloody axes were found. Prevost is under arrest. He can give no satisfactory account of the affair. He claims to have also been attacked by the murderers, and to have escaped, but this is already proven untrue. Circumstances to-night are entirely against him. Threats of lynching him do not seemingly disturb him, and he preserves an astonishing composure amid the excitement. The inquest was adjourned until to-morrow.

How Florida is to be Carried.

NEW YORK, Oct. 25.—The Times' Washington special says: At the last session of the Florida legislature a law was passed authorizing local commissioners of elections to correct registration lists by striking therefrom the names of voters who have died, and those who may have moved from the county during the preceding year.

Under this law, commissioners in those counties where negroes are in majority claim to have arbitrary power to examine and purge the registration lists, and are striking off the names of Republican voters in sufficient numbers to carry out the Democratic plan to secure the defeat of Bisbee and Cover, Republican candidates for congress. This plan of disfranchisement is being carried out in the most baseless manner in counties in which Republicans are in the majority. In Leon county alone, where the negroes largely outnumber the whites, over 2000 names are reported stricken from the lists.

A Mormon Marries Three Wives at Once.

SALT LAKE, Oct. 25.—Yesterday morning a Mormon named John Miles, an alien Englishman, took Emily and Julia Spencer of St. George, and a Miss Owens, an English girl through the endowment house, marrying the whole three at once. To-night a reception was given them at the home of Angus Cannon, brother of the Utah polygamous delegate to congress. This is one of the boldest affairs of the kind ever perpetrated in the territory, and causes great indignation among the Gentiles, who think it full time a law was enacted stringent enough to meet these outrageous cases.

Goes Back on Him.

CHICAGO, Oct. 25.—The Tribune says that the St. Louis belle, Miss Emily Hazleton, whom rumor had mentioned as the bride elect of Samuel J. Tilden, avows that she has never so much as met the venerable bachelor of Gramercy park, is not engaged to him and would not think of marrying a man so much older than herself.

An Awful Thought.

NEW ORLEANS, Oct. 25.—The Howard association last night passed a resolution to close their labor on Saturday, 26th, as to new cases. The Howardas believe that by Saturday the epidemic will no longer exist; that is, the deaths from fever will be less than from other causes.

CONDENSED TELEGRAMS.

One hundred negro insurrectionists have been executed at Santa Cruz Island.

The Democrats of Baltimore have elected members to the city council in all the wards.

Long, who was shot by Colton at Lebanon, Oregon, Sunday, has died of his wound.

Mr. Dewdney, of Victoria, has been elected to the Ottawa parliament by acclamation.

A June, shot by a fellow celestial at Marysville on Sunday, has died of his wound.

Professor Edison, of telephone celebrity, is seriously ill at Menlo Park, New Jersey.

A final adjournment of the Grand Division, Sons of Temperance, took place at San Francisco on the 24th.

The iron masters of the north of England have decided to reduce wages five per cent. on the 30th of November.

The steamer Express, from Baltimore to Washington, has been wrecked and the passengers and crew lost—20 in all.

J. H. McDonald, editor of the Patterson (N. J.) Labor Standard, has been found guilty of slander in calling some of the laboring men "scabs."

A rising has occurred at Azua, Hayti, in favor of Baer for president and Guillermo, the prominent candidate, is marching on the place with 2000 men.

Hazzard, the defaulting cashier at Auburn, Indiana, has escaped from jail and taken to the woods, having, it is said, all the bank funds in his possession.

Bulgarian militia from Sofia have destroyed Yenikoi, in Roumelia, and six surrounding Mussulman villages, and have blockaded the roads. Samakoo forms the centre of the movements.

John McMahon, styling himself champion of California, defeated Robert Wright, of Detroit, in a wrestling match which took place on the 24th. He will now contest with Col. James McLaughlin.

The persons on trial at Paris for connection with the Socialist congress, have been condemned to various penalties of fine and imprisonment for six months or more, except two women, who were acquitted.

The local commissioners of elections in Florida, having been authorized to strike from the poll lists the names of voters who have died or removed from the country, are said to be disfranchising negro voters to secure a Democratic majority.

Poor Dennis.

[S. F. Alta.]

It is sorrowful news comes from Boston. Our Dennis is in disfavor. Butler, it seems, would gladly shake him off, if he could; as it is, the best he can do is to keep him as quiet and as far in the background as possible.

"Several of the Butler editors and orators," writes a correspondent of the Springfield Republican, "have abandoned Kearney because he does not pay so well as they expected, and one of them has sued the great Reformer for a small bill." This is saddening indeed. We had hoped that Boston would like Dennis, and that he would like Boston. We had indulged the fond expectation that he would remain in the Hub permanently, and would even have been willing to send on for Wellcock, if the companionship of that eminent horor should be necessary to the great leader's happiness. It begins now to look, though, as if Dennis would come back. We're sorry. Can't the authorities devise some way of keeping this specimen of the mouth disease out of the state?

Freaks of a Bank Defaulter.

AUBURN, Ind., October 22.—Geo. A. Hazzard, the defaulting cashier, compromised with the National Bank by paying \$17,000 in bank certificates to the creditors, and the bank re-opened to-day. He was re-arrested for the third time this afternoon by S. U. Larnay, for obtaining money under false pretenses, and bound over for trial. This evening he escaped from jail to a dense wood, where he still eludes the officers. It is generally believed that he has all the stolen funds in his possession, and public indignation is at a dangerous pitch.

Fast Freight from the East.

NEW YORK, October 25.—It is stated that the Union and Central Pacific railroads have completed arrangements with all the Eastern lines, by which California freights will be loaded separate in full car loads, and the cars run through with but one transfer. This, in connection with the recent changes of the schedules on the Pacific railroads, gaining two days in the time of delivery in San Francisco, will enable shippers to receive property from any point East in 14 days, instead of 18 to 25 as heretofore.

Russia's Course in the Afghanistan Affair.

LONDON, Oct. 25.—The Journal de St. Petersburg strongly recommends that Russia assist the Ameer of Afghanistan with officers, arms and money to fortify the passes on which Russia's position in Asia depends. It states that the Ameer has written to general Kaufman declaring that his hope is in him alone. The Russian press unanimously advises that indirect aid be given the Ameer.

An Awful Thought.

NEW ORLEANS, Oct. 25.—The Howard association last night passed a resolution to close their labor on Saturday, 26th, as to new cases. The Howardas believe that by Saturday the epidemic will no longer exist; that is, the deaths from fever will be less than from other causes.

Yellow Fever Dying Out.

NEW ORLEANS, Oct. 25.—The Howard association last night passed a resolution to close their labor on Saturday, 26th, as to new cases. The Howardas believe that by Saturday the epidemic will no longer exist; that is, the deaths from fever will be less than from other causes.

Marie Antoinette Pollard.

NEW YORK, October 25.—Marie Antoinette Pollard proved an interesting witness in the Vanderbilt case on Wednesday. She had often visited the Commodore with her husband. He said, according to Mrs. Pollard's testimony, that the spirits had directed him to leave all his money to one child. She advised him to divide it. The witness lived wherever her business called her, and had been in California, Nevada and Virginia lecturing for livelihood and corresponding for a San Francisco journal. She could not recollect within ten years when her husband died. She admitted having been arrested more than once, but never on criminal charges. Then she admitted having been arrested in Baltimore for shooting a druggist. She shot him because he enticed her husband away from her. She was fined \$100. She was arrested by General Banks at New Orleans as a spy, and had been arrested on a charge of buying up Northern money there. Her husband was a journalist of Richmond, and wrote the book called "The Lost Cause."

An Interesting Family.

LOS ANGELES, Oct. 22.—The famous horse and cattle thief Tapia was yesterday sent to San Quentin in charge of a deputy sheriff. Eleven of this family have already been convicted of larceny, and seven are now serving out their sentences in San Quentin.

BORN.

HUBBARD—In Layton, Oct. 8, 1878, to the wife of S. Monroe Hubbard—a son.

JOTTINGS.

The Congregational social last evening was a very pleasant affair.

George Jamison came in from Duck Flat to-day with a lot of cattle.

No services to-morrow A. M. at the Congregational church. Lecture in the evening on spiritualism, by the pastor.

There will be a Republican mass meeting at Pyramid to-night. Messrs. Varian, Fouls, Boardman, Powning, and others will address the people at the Opera House to-night.

H. H. Beck and others of the Workingmen's candidates will address the people at the Opera House to-night, a lively time is expected.

Constable Barlow has returned from Bodie, whither he went to find a horse thief, who, however, didn't allow himself to be caught.

Parson Kelly is in town and today favored the GAZETTE office with a visit. There is a good journalist going to waste in Mr. Kelly.

Johnson, whose slyph-like form graces the seat of Hagerman's delivery wagon has returned from the bay, and is even more beautiful than before.

Woodward of the San Francisco gardens of the same name, is exhibiting among his other curiosities the wheelbarrow man, who passed through Reno recently.

Elder B. A. Stephens continued his attacks upon spiritualism at the Congregational church last night. The elder holds that a belief in spiritualism leads to all manner of immorality and that the devil is at the bottom of it all.

There will be divine service at the Methodist Episcopal church to-morrow morning at 11 o'clock, and to-morrow evening at 7 o'clock, Rev. C. McKelvey officiating. Seats free; all are invited. Sabbath school at 1:30 P.M.

Congregational Social.

The social held at the residence of Mrs. R. P. M. Greeley last evening, was a pleasant affair. The charades, tableaux, etc., were highly creditable to all who participated, the more so from the fact that they were quite impromptu. A select reading by Rev. Dr. Drahon, and "Moll Chatterlock," by Miss Emma Cutting, were very much appreciated, while the vocal and instrumental music provided by the Misses Tallman and the execution of a "solo" with guitar accompaniment in dramatic style, by Mrs. Wm. Ross, was enthusiastically spoken of. Miss Belle Storey assisted in the entertainment of the numerous guests, and deserves the fullest meed of praise. The receipts were \$21.

The Death of Parks.

To-day the cases of Getchell, Lyman and Gladstone, charged with criminal carelessness at the coroner's jury in the case of E. C. Parks, were called in Judge Richardson's court this afternoon. District Attorney Cain appeared for the state, and Judge Marshall for the defense. The court allowed the motion on the part of the defense, that the cases be taken up separately, and that of W. H. Getchell was called first. Up to the hour of the GAZETTE's going to press, no evidence in addition to that brought at the coroner's inquest was presented.

Episcopal Church.

There will be divine service at Smith's hall to-morrow morning at 11 o'clock. There will be neither Sun-day-school nor evening service.

TIMELY TALK.

BRADLEY AND THE BULLION TAX COMPROMISE.

Senator Boardman Gives the True History of the Bill—The Rally at Huffaker's Last Night—Speeches by Republican Candidates.

There was a Republican meeting at Huffaker's last night which was well attended. John Wright was elected chairman.

J. P. FOULKS

was the first speaker. He defined his position on the leading questions now before the people, declaring his intention to vote for J. P. Jones, if elected, and believed that when that gentleman went back to the senate and devoted his attention to the solution of the Chinese muddle he would be as successful as he had been in dealing with the demonetization of silver. Mr. Fouls said he was a good deal of Kearney himself on the Chinese question. He was in favor of making the summit of the Sierras a dead line over which no Chinaman should be allowed to come eastward. They had been first brought to California under a Democratic administration and they had been fostered by California ever since. Let California keep them. In regard to his stand on the bullion tax he had, he said, been assailed by H. H. Beck and other mongrels as being upon the committee which drew up the anti-compromise plank of the platform adopted by the county convention two years ago. He had nothing to do with drawing up the plank. He was a member of the central committee and had signed the paper permitting members of the legislature from Washoe county to act according to their best judgment in the matter of voting for the compromise. He did not know the full import of the bill when he signed that release, with other tax-paying citizens. "When," said Mr. Fouls, "Beck says that Fouls has broken his word politically or in any other way, he lies—lies like a dog. Beck is a good enough man, socially, but he is decayed clear through politically. He has run three terms for office on three different tickets and the people are sick of him." Mr. Fouls was in favor of a sweeping reduction of official fees. They ought to be brought down to the level of wages, alfalfa and potatoes. One year ago last April there was \$51,000 in the county treasury. Now the county is issuing scrip. Nothing need be said about the necessity for a more economical administration of county affairs. The gentleman expressed his intention, if elected, to do his best toward binding Senator Jones to work for the equalization of the fares and freights on the Central Pacific on the basis of eastern railroad charges. The railroad company takes \$4,000,000 annually out of Nevada and it is an outrage that we should be the victims of the present unjust discrimination. He believed that if the railroad company was compelled to be reasonable in its charges, that Reno would shortly become the great commercial radiating point for western Nevada, and that the wholesale houses of San Francisco would be compelled to have branches here.

JOHN BOWMAN,

Republican candidate for district attorney, spoke briefly. He had been called a carpet-bagger. Having lived for eighteen years in Nevada, that was quite a little election of their own. They bored a hole in a stump and each man deposited his ballot there, and the hole was plugged up. His vote was for Abraham Lincoln, and it is probably there to this date. If elected, Mr. Bowman said, he would file the office to the best of his ability and he thought he had the ability to discharge his duties.

MAJOR UNDERWOOD.

Candidate for the assembly, next addressed the meeting for a few minutes. He had been a Republican since the first quo was fired on Fort Sumpter. That gun had made him a Republican and a soldier—for he had fought for his country and he did not wish to be understood as boasting when he said he had made a pretty good soldier, too, for he had thrice been complimented on the field of battle and not for cowardice. He was not ashamed of his record. As to the charge that he was employed by the railroad company, he had to plead guilty to that unpardonable sin, but if anyone thought he was not on the side of the people as against the extortions of a monopoly, that person did not know E. E. Underwood.

None would work harder than himself to stop the present unjust discrimination in fares and freights. The Major reviewed the record of the Republican party showing that to it belonged the credit of passing the eight-hour law, giving the worker time to cultivate his brains as well as

his muscle; such a thing had never been done by any nation or party. It was the Republican party whowarded foreigners who served in the army by allowing them to become naturalized in half the usual time. The nation owes its existence to the Republican party. Recurring to home matters the Major said that he was in Winnemucca when the news of the nomination of John H. Kinkead reached there. Mr. Kelly, of the *Silver State*, a man who is always ready to pick holes in Republican records, said in his hearing: "John Kinkead nominated! Well, I can't say anything against him except that he is a Republican." Opposed to this gentleman, against whom even his political enemies could trump up nothing, was a man who can't write a grammatical sentence and who is devoid of honor. His chief claim to the regard of the people was his vetoing the bullion tax compromise bill. Bradley promised to sign the bill, in its original shape. It was then sent to Virginia and came back further modified by the mine owners. He would have signed it then, but his friends saw the danger to his chance for re-election and persuaded him to veto it.

THE BULLION TAX COMPROMISE.

Mr. Underwood was followed by C. C. Powning, Republican candidate for state senator, who made substantially the same speech as was reported in full in the GAZETTE a few days ago. It was well received.

C. S. VARIAN

devoted himself for the most part to a glowing eulogy of the Republican party. He reviewed its grand achievements and maintained that now, it even within the past ten years, the principles of the party should be thought of. The Republican party is still young and asks again the suffrage—and asks rightfully—for the suffrages which for the past seventeen years have kept it in power. To the Republican party the credit of the passage of the homestead act is due; also the fee simple to the miner of the mineral wealth of the country. The Republican party is the anti-Chinese party. It was that party which caused to be inserted the anti-nationalization provision in the Democratic treaty with China. It is time that Republicans should be alive. He would not flaunt the bloody shirt but his eyes could not be closed to the fact that North and South Carolina such intimidation is used that there is not a nucleus bold enough to dare organize the Republican party and make nominations. Upon the fall elections depend the control of national affairs for the next four years. Much depends upon whom Nevada will send to the house of representatives and the senate. Daggett and Jones should be sent there. Jones was the first man who dared rise from his seat in the senate and hurl defiance at the money king of the world, and to him, in a great measure, the country owes the practical resumption of specie payments. Remember that the national Democratic position is for greenbacks or flat money. Daggett was being shamelessly cried that platforms were made to catch votes, that promises to a constituency are not binding. He was the champion of the bill and introduced it and sacrificed every interest of the people to pass that infamous bill. Mr. Boardman believed that Bradley was willing to sign it. When the senate was within four days of adjournment we sacrificed everything, including senatorial dignity, for two days in filibustering to keep the bill from coming to a vote and out of the hands of the governor, for those who were battling against the robbery of the people never doubted but that Bradley would sign it. A Democrat offered to bet him, on the streets of Carson, \$1000 that Bradley would sign the bill if it passed. He wished now he had taken the bet. Bradley gave none of the men who were fighting against the bill any encouragement—never told them that he would veto the bill should it pass. It was only when ten of the senators, Mr. Boardman among the number, sent in a written appeal to the old firehouse, saying they would stand by him, that he said he would veto it. Mr. Boardman had no respect for Bradley. He knew that he was not intelligent, and did not think him honest. Bradley encouraged the bill and gave countenance to those who were working for its passage, yet Blunderfuss, fancy Pickle, and others who were battling against the robbery of the people never doubted but that Bradley would sign it. POLITICAL.**REPUBLICAN PLATFORM.**
ELECTION, TUESDAY, NOVEMBER 5, 1878.

Resolved, That we re-affirm the principles of and renew our allegiance to the party which preserved the Union, freed the slaves and maintained the essential doctrine: that this is a nation and not a confederacy bound together with ropes of sand; and that both State and national governments should give ample and complete protection to its citizens, both at home and abroad; that against the assaults of traitors and rebels the Republican party has preserved these governments, and the Republicans of Nevada now demand that every qualified elector in every State—every State, South and North, Democrats or Republican, black or white—shall be permitted, undisturbed by force and unawed by fear, to vote at all elections, at the places prescribed by law, and that every vote so cast shall be honestly counted, and that every person chosen by such votes, to any office shall be freely induced into it, and effectively supported in the discharge of its duties. That the permanent pacification of the Southern section of the Union, and complete protection of all its citizens in their civil, political, personal and property rights, is the duty to which the Republican party stands secretly pledged. Resolved, That to promote the advancement of education and morals, to stimulate a true and benevolent enlightenment, and to preserve to the men, women and children of this State the fruits of the taxes so cheerfully borne and generously disbursed in behalf of our administrative system of public schools; to maintain the Union and protect its flag; to guard the memories of the dead who died in the name of Union, liberty and law; and to vindicate all our acts and purposes is the aim and mission of the Republican party here and elsewhere; and, first of all, to do that which is best for the preservation and perpetuation of that party and its principles, holding all men's claims and aspirations secondary to these high claims and ends: these are our duties, and these the intentions we must strenuously maintain and avow.

said States; that the principal and practices are fraught with danger to our Republicans reform government, and should be frowned down, and resisted by every individual who has at heart the welfare of American institutions and the freedom of the masses.

Resolved, That we are unalterably opposed to the diversion of any monies raised by the taxation of the whole people to the use or benefit of any sect or religious denomination.

Resolved, That we solemnly declare it to be the sentiment of the Republican party that the breach of a pledge given to a nominating convention by a successful candidate for office is more disgraceful and dishonorable than the violation of any private trust or duty possibly be.

Resolved, That to promote the advancement of education and morals, to stimulate a true and benevolent enlightenment, and to preserve to the men, women and children of this State the fruits of the taxes so cheerfully borne and generously disbursed in behalf of our administrative system of public schools; to maintain the Union and protect its flag; to guard the memories of the dead who died in the name of Union, liberty and law; and to vindicate all our acts and purposes is the aim and mission of the Republican party here and elsewhere; and, first of all, to do that which is best for the preservation and perpetuation of that party and its principles, holding all men's claims and aspirations secondary to these high claims and ends: these are our duties, and these the intentions we must strenuously maintain and avow.

REPUBLICAN COUNTY PLATFORM.

Resolved, That we have known the Republican party to be the party of good government, and that it has always guaranteed the greatest good to the greatest number. Believing that an insidious foe in time of peace is no less dangerous than an avowed enemy in time of war, we refer to the glorious record of the Republican party as a full guarantee of its national use and significance. We therefore declare it to be the first duty of good citizens and in the first interests of good government that the Republican party be continued as the law-making power of the land.

Resolved, That we do heartily endorse the platform of the State convention of our party, held in Eureka Sept. 18th. That we endorse the same, both in spirit and letter, and do pledge our candidates to a fulfillment of the promises therein made to the people.

Resolved, That this convention, as a representative of the Republican party of Washoe county, heartily endorse and applaud the vote of Washoe's Senators and Assemblymen in the Legislature of '77 upon the infamous Bullion Tax compromise bill. And we declare that in our best judgment such vote was cast for honesty, purity and the public good.

Resolved, That we recognize the wisdom of the framers of our constitution in providing for the taxation of the proceeds of the mines; that all taxes should be equal and uniform; that the present system of taxation is just and fair as any that can be devised and should be preserved; that the mining corporations doing business in this State pay no more than their just proportion of taxes, while the railroad property situated within this State pay much less than its just proportion; that no more taxes should be raised any one year than are necessary to defray the actual and necessary expenses of the State during the same period, when economically and honestly administered; that the present rate of assessment of property should be decreased so as to produce only such a sum as is absolutely required to pay the expenses of the State, at the same time having due regard to the surplus of funds already in the treasury.

Resolved, That the Republican party of the state of Nevada is opposed to and protests against any repeal, modification or any change in the law taxing the proceeds of the mines commonly known as the "bullion tax law."

Resolved, That we refer with pride to the record of the Republican party in Congress, where, in spite of the assaults of a malignant and unscrupulous opposition, not one stain of dishonesty rests, and not one act has been brought to light which reflects anything but renown upon the representatives of our organization and its principles.

Resolved, That labor in itself recognizes the Republican party as its exponent; demands emancipation from oppression, and elevation to its proper dignity, a just and equal place with capital, and that both are alike necessary to the well-being of society.

Resolved, That the general government should immediately take such steps as to absolutely stop the further immigration of Asiatics to our country; and that such just and peaceful measures should be adopted as may be appropriate and necessary to induce those already among us to quit our shores at the earliest practical moment.

Resolved, That the Republican party of the State of Nevada enters its most solemn protest and condemnation against any corrupt interference in the politics or legislation of this State, by moneyed rings or corporations, or the representatives of aggregated wealth or capital; that we view with alarm the increasing and unceasing attempts of the moneyed powers of the Pacific States to control the elections and shape the legislation of

and valid during his official term, that there is no power in any committee, State or county, to revoke them, and that a breach of such pledges is more disgraceful and dishonorable than the violation of any private trust or duty possibly be.

Resolved, That we recognize property as the product of labor applied to forest, field, forge, furnace, mine and manufacture. That the wealth of any State or nation is proportionate to the number of its laborers. That States are more or less prosperous according to the wages which its laborers command, and that labor is the product while capital is only the result of such production. Believing that the policy of capital gives luxury to the few while well paid and prosperous labor gives comfort to all. We declare our wish that the interests of labor shall have a governing influence in shaping the affairs of state, thus bringing the greatest good to the greatest number.

Resolved, That the convention refuses to confer any appointing or elective power whatever upon the county central committee which shall be named by this body. We recognize the right of the people alone to name delegates to all conventions of the party, and we repudiate any other course as a manifest attempt to usurp by committee action rights which belong alike to every Republican.

Resolved, That our Senator and Assemblymen are pledged against remission of the penalty of \$15,000 due the State from certain mining companies doing business in Storey county, and to oppose any bill looking to relieve such companies from said obligations.
